

Timetable
Group A, B & C

Week 1 (27th February – 03 March 2017)

Theme: Haematological Diseases

Week/Time	Monday	Tuesday	Wednesday	Thursday	Friday
08:30-09:30	Lecture: Dispersion of Data Venue: Facilitator:	Clinical Rotations - Medicine			
09:31-10:30	Lecture: Presentation of Data Venue: Facilitator:				
10:35-11:30	Lecture: Anemia – classification & causes Venue: New Auditorium Facilitator:	Lecture: Diagnosis of Anemia Venue: New Auditorium Facilitator:	Lecture: Leukemia Venue: New Auditorium Facilitator:	Lecture: Lymphoma Venue: New Auditorium Facilitator:	Lecture: Bleeding disorders Venue: New Auditorium Facilitator:
11:35-12:35	Lecture: Anti-anemic drugs Venue: New Auditorium Facilitator:	Lecture: Drugs used in Leukemia Venue: New Auditorium Facilitator:	Lecture: Malnutrition - CM Venue: New Auditorium Facilitator:	Lecture: Infectious diseases - CM Venue: New Auditorium Facilitator:	Lecture: Forensic Medicine Venue: New Auditorium Facilitator:
12:36-01:10	Lunch/ Prayer Break				
01:15-03:00	Biostatistics – Activity 1 & 2 Group: A Venue: New Auditorium	Biostatistics – Activity 1 Group: B Venue: New Auditorium	Biostatistics – Activity 1 Group: C Venue: New Auditorium	Self-study	Self-study

Timetable
Group A, B & C

Week 2 (6th – 10th March 2017)

Theme: Cardiovascular Diseases

Week/Time	Monday	Tuesday	Wednesday	Thursday	Friday
08:30-09:30	Pathology/Private Study – Additional sessions	Clinical Rotations - Medicine			
09:31-10:30	Pharmacology/Private Study – Additional sessions				
10:35-11:30	Lecture: Bleeding disorders continued... Venue: New Auditorium Facilitator:	Lecture: Arteriosclerosis/Atherosclerosis Venue: New Auditorium Facilitator:	Lecture: Aneurysms & Dissecting Aneurysms Venue: New Auditorium Facilitator:	Lecture: Hypertension Venue: New Auditorium Facilitator:	Lecture: Vasculitis Venue: New Auditorium Facilitator:
11:35-12:35	Lecture: Anti-coagulants Venue: New Auditorium Facilitator:	Lecture: Anti-Hypertensive drugs – Calcium channel blockers Venue: New Auditorium Facilitator:	Lecture: Infectious diseases - CM Venue: New Auditorium Facilitator:	Lecture: Infectious diseases - CM Venue: New Auditorium Facilitator:	Lecture: Forensic Medicine Venue: New Auditorium Facilitator:
12:36-01:10	Lunch/ Prayer Break				
01:15-03:00	Group A: Pathology SGD – Auditorium Group B: Community medicine SGD – Physiology lab Group C: Pharmacology SGD – Pharmacology lab	Group A: Forensic Medicine – Forensic Medicine Group B: Pathology SGD – Auditorium Group C: Community medicine SGD – Physiology lab	Group A: Pathology/Micro lab – Pathology lab Group B: Forensic Medicine – Forensic Medicine Group C: Pathology SGD – Auditorium	Group A: Pharmacology SGD – Pharmacology lab Group B: Pathology/Micro lab – Pathology lab Group C: Forensic Medicine – forensic Medicine lab	Group A: Community medicine SGD – Physiology lab Group B: Pharmacology SGD – Pharmacology lab Group C: Pathology/Micro lab – Pathology lab

Timetable
Group A, B & C

Week 3 (13th – 17th March 2017)

Theme: Cardiovascular Diseases

Week/Time	Monday	Tuesday	Wednesday	Thursday	Friday
08:30-09:30	Pathology/Private Study – Additional sessions	Clinical Rotations - Medicine			
09:31-10:30	Pharmacology/Private Study – Additional sessions				
10:35-11:30	Lecture: Heart failure Facilitator:	Lecture: IHD – Angina Venue: New Auditorium Facilitator:	Lecture: IHD – Myocardial Infarction Venue: New Auditorium Facilitator:	Lecture: Rheumatic Heart Diseases Venue: New Auditorium Facilitator:	Lecture: Infective Endocarditis Venue: New Auditorium Facilitator:
11:35-12:35	Lecture: ACE – Inhibitors, ARBs & Vasodilators Venue: New Auditorium Facilitator:	Lecture: Drugs used in MI & Angina Venue: New Auditorium Facilitator:	Lecture: Risk Factors of Cardiovascular Diseases Venue: New Auditorium Facilitator:	Lecture: Prevention of Cardiovascular Diseases Venue: New Auditorium Facilitator:	Lecture: Forensic Medicine Venue: New Auditorium Facilitator:
12:36-01:10	Lunch/ Prayer Break				
01:15-03:00	Group A: Pathology SGD – Auditorium Group B: Community medicine SGD – Physiology lab Group C: Pharmacology SGD – Pharmacology lab	Group A: Forensic Medicine – Forensic Medicine Group B: Pathology SGD – Auditorium Group C: Community medicine SGD – Physiology lab	Group A: Pathology/Micro lab – Pathology lab Group B: Forensic Medicine – Forensic Medicine Group C: Pathology SGD – Auditorium	Group A: Pharmacology SGD – Pharmacology lab Group B: Pathology/Micro lab – Pathology lab Group C: Forensic Medicine – forensic Medicine lab	Group A: Community medicine SGD – Physiology lab Group B: Pharmacology SGD – Pharmacology lab Group C: Pathology/Micro lab – Pathology lab

**Timetable
Group A, B & C**

Week 4 (20th – 24th March 2017)

Theme: Respiratory diseases

Week/Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	
08:30-09:30	Pathology/Private Study – Additional sessions	Clinical Rotations - Medicine			Public Holiday on Occasion of 23rd March 2017	Clinical Rotations - Medicine	Self-study
09:31-10:30	Pharmacology/Private Study – Additional sessions						
10:35-11:30	Lecture: Non-infective Endocarditis Venue: New Auditorium Facilitator:	Lecture: Cardiomyopathies Venue: New Auditorium Facilitator:	Lecture: Congenital Heart Diseases Venue: New Auditorium Facilitator:	Lecture: Respiratory Distress Syndrome Venue: New Auditorium Facilitator:		Lecture: COPD – Asthma & Chronic Bronchitis Venue: New Auditorium Facilitator:	
11:35-12:35	Lecture: Drugs used in heart failure – Digoxin Venue: New Auditorium Facilitator:	Lecture: Digoxin continued... Venue: New Auditorium Facilitator:	Lecture: Water filtration Venue: New Auditorium Facilitator:	Lecture: Air pollution Venue: New Auditorium Facilitator:		Lecture: Forensic Medicine Venue: New Auditorium Facilitator:	
12:36-01:10	Lunch/ Prayer Break			Lunch/ Prayer Break			
01:15-03:00	Group A: Pathology SGD – Auditorium Group B: Community medicine SGD – Physiology lab Group C: Pharmacology SGD – Pharmacology lab	Group A: Forensic Medicine – Forensic Medicine Group B: Pathology SGD – Auditorium Group C: Community medicine SGD – Physiology lab	Group A: Pathology/Micro lab – Pathology lab Group B: Forensic Medicine – Forensic Medicine Group C: Pathology SGD – Auditorium	Group A: Pharmacology SGD – Pharmacology lab Group B: Pathology/Micro lab – Pathology lab Group C: Forensic Medicine – forensic Medicine lab		Group A: Community medicine SGD – Physiology lab Group B: Pharmacology SGD – Pharmacology lab Group C: Pathology/Micro lab – Pathology lab	

Timetable
Group A, B & C

Week 5 (27th to 31st March 2017)

Theme: Respiratory tract infections

Week/Time	Monday	Tuesday	Wednesday	Thursday	Friday
08:30-09:30	Pathology/Private Study – Additional sessions	Clinical Rotations - Medicine			
09:31-10:30	Pharmacology/Private Study – Additional sessions				
10:35-11:30	Lecture: COPD – Chronic Bronchitis & Emphysema Venue: New Auditorium Facilitator:	Lecture: Pneumonia Venue: New Auditorium Facilitator:	Lecture: Organisms causing Pneumonia Venue: New Auditorium Facilitator:	Lecture: Tuberculosis Venue: New Auditorium Facilitator:	Lecture: Tuberculosis continued... Venue: New Auditorium Facilitator:
11:35-12:35	Lecture: Adrenergic drugs Venue: New Auditorium Facilitator:	Lecture: Anti-Asthmatic drugs Venue: New Auditorium Facilitator:	Lecture: Introduction to Occupational Health Venue: New Auditorium Facilitator:	Lecture: Principles of Occupational Disease Prevention Venue: New Auditorium Facilitator:	Lecture: Forensic Medicine Venue: New Auditorium Facilitator:
12:36-01:10	Lunch/ Prayer Break				
01:15-03:00	Group A: Pathology SGD – Auditorium Group B: Community medicine SGD – Physiology lab Group C: Pharmacology SGD – Pharmacology lab	Group A: Forensic Medicine – Forensic Medicine Group B: Pathology SGD – Auditorium Group C: Community medicine SGD – Physiology lab	Group A: Pathology/Micro lab – Pathology lab Group B: Forensic Medicine – Forensic Medicine Group C: Pathology SGD – Auditorium	Group A: Pharmacology SGD – Pharmacology lab Group B: Pathology/Micro lab – Pathology lab Group C: Forensic Medicine – forensic Medicine lab	Group A: Community medicine SGD – Physiology lab Group B: Pharmacology SGD – Pharmacology lab Group C: Pathology/Micro lab – Pathology lab

**Timetable
Group A, B & C**

Week 6 (3rd to 7th April 2017)

Theme: Occupational Health Diseases

Week/Time	Monday	Tuesday	Wednesday	Thursday	Friday
08:30-09:30	Pathology/Private Study – Additional sessions	Clinical Rotations - Medicine			
09:31-10:30	Pharmacology/Private Study – Additional sessions				
10:35-11:30	Lecture: Carcinoma of the lungs Venue: New Auditorium Facilitator:	Lecture: Pleural diseases Venue: New Auditorium Facilitator:	Lecture: Pneumoconiosis Venue: New Auditorium Facilitator:	Lecture: Silicosis Venue: New Auditorium Facilitator:	Lecture: <u>Revision - Pathology</u> Venue: New Auditorium Facilitator:
11:35-12:35	Lecture: Anti-adrenergic drugs Venue: New Auditorium Facilitator:	Lecture: Anti-adrenergic drugs Venue: New Auditorium Facilitator:	Lecture: Anti-adrenergic drugs continued... Venue: New Auditorium Facilitator:	Lecture: Levels of prevention Venue: New Auditorium Facilitator:	Lecture: Forensic Medicine Venue: New Auditorium Facilitator:
12:36-01:10	Lunch/ Prayer Break				
01:15-03:00	Group A: Pathology SGD – Auditorium Group B: Community medicine SGD – Physiology lab Group C: Pharmacology SGD – Pharmacology lab	Group A: Forensic Medicine – Forensic Medicine Group B: Pathology SGD – Auditorium Group C: Community medicine SGD – Physiology lab	Group A: Pathology/Micro lab – Pathology lab Group B: Forensic Medicine – Forensic Medicine Group C: Pathology SGD – N. Auditorium	Group A: Pharmacology SGD – Pharmacology lab Group B: Pathology/Micro lab – Pathology lab Group C: Forensic Medicine – forensic Medicine lab	Group A: Community medicine SGD – Physiology lab Group B: Pharmacology SGD – Pharmacology lab Group C: Pathology/Micro lab – Pathology lab

Module 13: Cardiorespiratory system

Medical Education Department

Group A, B, C, D & E

Week 7 (10th -14 April 2017)

Assessment Week

Week/Time	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
08:30-10:30	Revision Break		Pathology Exam 60 MCQs 08 SAQs	Pharmacology Exam 30 MCQs 04 SAQs	Forensic Medicine 20-30 MCQs 04 SEQs	Integrated Practical Examination
10:40-11:40						
11:45-12:45					Community Medicine 30 MCQs 04 SEQs	
12:50-01:10						
01:15-03:00
